

What you can do in your own home--

Come when you please.
Go when you please.
Eat when you please.
Eat what you please.
Have company when you please.
Have for company whom you please.
And a lot of more good things.

And it's just about as cheap to have your own little home as it is to pay board for two and rooms for two, or to live in the so-called "light housekeeping" rooms.

Don't feel a bit bashful about coming in and talking things over. Other couples are doing it every day--and they're glad they did. Come in and let us show you a complete stock of house furnishings at prices that will please you.

Sunset last night witnessed the beginning of the Jewish feast of the Passover, and the event was celebrated by Hebrews in a manner which conformed with the observance among the faithful throughout the world. The first night marked the observance of the Seder ceremony. The Passover is observed for an entire week, only the first two and the last day being holidays, while the intervening days are regarded as semi-holidays. Extensive preparations are made for the feast. Matos, a large unleavened cracker, is used in place of bread, and no leavened food is eaten or brought into the homes of orthodox Hebrews. The holiday is often called the feast of the Exodus, and its first principle, holiday and liberty, is supposed to emphasize the inalienable right of men to be free from all forms of servitude and injustice.

Capt. Louis Keene of the Canadian army, whose book, "Crumps," is one of the notable contributions to war-times literature, is to speak at the British recruiting rally in the opera house this evening. This information reached Barre last night and anyone whose interest is apt to be aroused by a war recital such as Capt. Keene is capable of giving should not miss the opportunity. No admission is charged, but a straight-from-the-shoulder appeal is to be made to the British subjects. Mayor Glysson and Frank G. Howland and James MacKay are to speak briefly and excellent music by the Barre Pipe and Drum band is assured. Two reels of actual war scenes will be shown. Capt. Keene, before the outbreak of the war, was a newspaperman in Montreal. What he saw has been transcribed vividly in "Crumps." For some time past he has been military instructor at Dartmouth college, and a good many New England audiences have had occasion to hear the young man's stirring story of war experiences. The rally is to begin at 8 o'clock.

Time Now for Easter Clothes

What feeling is more pleasant than to step out Easter Sunday with the satisfaction that your coat or suit selection bears all the style marks of spring. Already this season we have had the good fortune to help a large number of customers avoid purchasing impure fabrics and hasty tailoring in suits and coats. In hardly any season during the past ten years has it been so important to watch closely everything, big and little, which goes into making garments—and this applies to our purchases as well as yours. **OUR FULL EASTER DISPLAY IS NOW ON.**

The Best Time to Buy

Do you realize that the best time to buy garments or general dry goods is when the stock is at its best, when every department is full of the newest and best things of the season?

When you stop to consider how everything in Cotton or Wool Goods is advancing in price and decreasing in quantity, you can appreciate what it means to be able to get the thing you especially want later. Our stock is now at its best, but we cannot make any promises for the future. We will do all we can to give you what you will want at prices that are right.

Suits and Coats

Our line of Suits is now complete in every detail. We bought these garments early and can guarantee the quality and make to be the best in every way. Never were we able to give you better qualities, and prices are not so very much advanced over other seasons. The Printz-Beidermann and Wooltex garments are our standard for quality and style, and they are a standard by which all other makes are compared. We want you to get acquainted with this line of garments.

By nearly every express now we are getting new Coat models. This has been an unusually early Coat season. People are realizing the importance of buying early. We can show you now one of the largest and best lines of popular Coats we ever had so early in the season.

Separate Skirts

We received by express this week another lot of those popular Silk Skirts. These are in the same qualities as our other lot, but in combinations entirely different. If you want a good Skirt value, you should see this line.

In the Wool Skirts, our line is now complete in every way, and in quality they are All Wool. Let us show you this line of Skirts.

New Easter Novelties

In Easter Novelties we have a large showing of new and useful accessories. See our large display of Easter Collars in all the new shapes and colorings. These are just what you will want to dress up your dress or suit.

EASTER GLOVES will demand your attention, and we are showing a good line of these most important finishes to your wardrobe.

The Mayra Mills Silk Hose is a Hose that for wear and finish will surely interest you. These we have in all colors.
